

My Chives Growing Checklist

St. Paul, MN (55112) • Name: _____ Year: _____

FEBRUARY

- Plan where to grow chives
- Start seeds indoors (optional)
- Give lots of light

MARCH

- Keep soil moist
- Watch thin green shoots grow
- Make plant labels

APRIL

- Plant outside when soil is ready
- Choose a sunny spot
- Water after planting

MAY

- Water weekly
- Pull small weeds
- Look for purple flowers later

JUNE

- Harvest by snipping leaves
- Do not cut all at once
- Let flowers bloom

JULY

- Keep harvesting gently
- Water during dry weeks
- Watch for bees on flowers

AUGUST

- Trim plants if floppy
- Keep soil moist
- Enjoy fresh chives in meals

SEPTEMBER

- Harvest before frost
- Let some plants rest
- Clean garden area
- I am a CHIVES GROWING STAR!
